

## Year 1 Autumn Class Report

In the first autumn term, Year 1 settled into their new classroom and we enjoyed reading our class texts of *Peace At Last*, *Can't You Sleep Little Bear* and *Where The Wild Things Are*. We also read *Billy And The Beast* as our mental health book. In science, we learned about seasonal changes. We looked at different types of weather we'd find in the different seasons. Then, we thought about the clothes we'd need to wear and the activities we would do during the different seasons. We also went on a season hunt around the school grounds to find signs of autumn. For our geography topic, we learned about where we live. As part of this, we did some fieldwork and had a walk around Madeley, making a chart of the different types of buildings that we could find.

In the second autumn term, Year 1 read *The Elephant And The Bad Baby* and *The Tiger Who Came To Tea*. In science, we started to learn about everyday materials. For this, we made a materials monster for our learning wall and talked about what we could feel and see. We then sorted materials and went on a materials hunt around the school. In RE, we learned about belonging. For this topic, we visited the church where we took part in a baptism service (for a teddy). This term has also been very busy practising and performing our nativity 'Jesus's Christmas Party'. Reception and Year 1 did a fantastic job acting and singing.
