

## Maths

We will be learning:

Calculations: mental calculations, long division, remainders as fractions, combined operations, multi-step word problems.

Fractions: simplifying fractions, comparing/ordering fractions, addition and subtraction of mixed numbers, percentages.

Ratio and Proportion: percentages of amounts, ratio, proportion.

Measurement: area and perimeter, volume, multi-step problems - measure.

Statistics: pie charts, line graphs, interpreting the mean.

Geometry: Co-ordinates, translations, reflections.

### Cross curricular

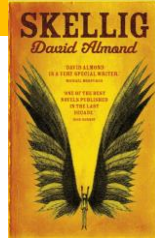

We shall be learning about statistics and measures in our science and geography work.

## English

We shall be reading Skellig by David Almond.

We shall be creating our own predications, formal and informal letters, diary entries, information pages, newspaper reports and short stories based on Skellig.

We shall also be learning how to spell and use words from the Year 5/6 list and consolidating grammatical terms such as relative clauses, passive voice and securing our knowledge of word classes. We will continue to apply complex punctuation ; : ... - to our work.

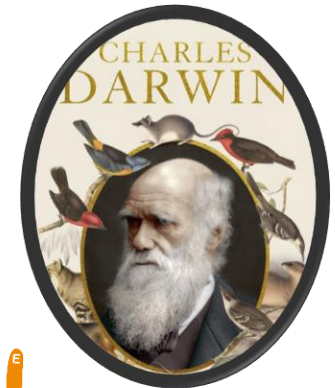

## Geography

We shall be studying what the causes and effects of climate change are by exploring what climate change is, what the impact is and what we can do to try and stop climate change.

## Science

We will be learning how things evolve and exploring the work of Charles Darwin.

## RE

In RE we will be making links between beliefs and action and reflect how this might have local, national and international impact.

We will also be learning about the concept of Salvation - what do Christians believe God did to save human beings.

## Spanish

•We will be learning En la ciudad (Around Town)

## SEAL

In our Social and Emotional Learning our theme will be Good to be Me.

## PE

We will be exploring skills around playing rounders and tag rugby.

# Year 6 Spring 2

## Music

We will exploring 1970's soul music: 'You to me are everything' and preparing for our Easter service by performing songs related to Easter.

## PSHE/RSE

We will be learning how the media can influence people.

## Design & Technology

We shall be using Computer Aided Design (CAD) to design and create textiles.

## Computing

We will be looking at data and information through spreadsheets.
