

Maths

We will be learning about place value within 100, money and time. We will use a range of resources to investigate mathematical concepts. We will explore our own mathematical reasoning, using our words to talk about how and why.

English

We will be using our phonics to write dictated sentences. We will be practising our handwriting to make sure that our letters are formed correctly and are sitting correctly on the line. We will make sure we apply our phonics and decode words when we are reading. We will read aloud and build our confidence.

History

We will be learning about what the weather is like in different places. We will be looking at different types of weather and what the weather is like in Madeley. We will be recording the different types of weather that we experience and also learn about the dangers of weather and what the weather is like in different parts of the world.

RE

We shall be learning about salvation. We will be learning about the easter story, how it makes us feel and which parts we think are the most important. We will also be learning about forgiveness and heaven.

Year 1 Summer 2

Design and Technology

We will be learning about food and food preparation. We will be learning about balanced diets and we will be learning about how to cut and prepare fruit, leading up to making our own healthy breakfast pots.

PE

We will be playing games that help with team building and help with our understanding of rules.

Computing

We shall be learning asking permission when going online. We will also programming and will be learning how to program animations.

Music

We will be learning Cat And Mouse & Come Dance With Me (Playing percussion)

SEAL

In our Social and Emotional Learning our theme will be Changes.

PSHE/SRE

We will be learning about how we can look after each other and the wider world. We will be learning about what we can do in our local environment to help and also about how we might grow and change.

Science

We will be learning all about animals, including humans. We will be learning about the different groups that we can put animals in and also learning about what different animals eat. We will also be learning about our senses and how they help us.
