

PSHE/ RSE

In PSHE/ RSE, year 3 will be answering, 'What are families like?' They will be exploring how families differ in structure and what healthy family dynamics may look like.
Year 4 will be exploring, 'What are our strengths and skills?' They will be learning about self esteem and how to set useful targets for their own personal growth.

Science

In Science, we will be learning about Light.
We will be investigating key questions such as; How does light travel? Why do the size of shadows change? What is reflection and how does it work?

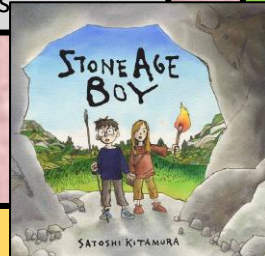

Computing

In Computing we will continue our work on online safety and the importance of this, however our main focus will be around programming.
We will learn how to program data to produce certain outcomes and what this looks like on different software's

English

In English we will be consolidating our learning this year. We will be looking at our 'non negotiables' and making sure that every child is secure in these areas. We will be reading, 'Stone Age Boy,' and produce some big pieces of writing around this.

RE

In RE, we will explore into the life of religious figures and make links with teachings and practices of special significance to followers.
Our main focus will be around religious leaders.
We will also be taking part in prayer stations with the Church this half term.

Miss McLauchlan's Class Summer 2

What are we learning this half term?

Spanish

In Spanish, we will be learning about objects and items around the classroom and school.
We will learn how to say these items in Spanish, alongside in putting them into sentences. Children will be able to answer and ask questions around this topic in Spanish.

Design and Technology

In D&T we will be moving on to mechanical systems.
We will be exploring levers and linkages, building up to making a moving picture linked to our History topic, 'The Stone Age.'
Children will design, make and evaluate their work.

Maths

In Maths, we will be learning about measurement- capacity, volume, area and perimeter.
As a class we will be working hard on developing our problem solving skills and mathematical vocabulary.

PE

In PE, we will be focusing on striking and fielding games.
We will be learning how to play both cricket and rounders and will be focusing on the different skills around these sports. Children will be learning how to bowl, bat and field, alongside in the tactics of each games.

Music

In Music, we will continue our recorder work, gaining confidence in playing.
We will also be rehearsing to perform our Hansel and Gretel opera to the rest of the school.

History

In History, we will be learning about the Stone Age. Children will learn about when the Stone Age took place and how it was different to modern day. They will also look at what came before and after the Stone Age.
To consolidate this learning, we will be going on a visit to Tatton Park.
